## SUMMARY

I am passionate about cybersecurity and ethical hacking and look forward to applying my skills and knowledge in a professional setting. I am highly motivated, detail-oriented, and committed to continuous learning and development in this dynamic field. To work with all of my skills and experience for practical use of IT technologies and wish to work in an organization where I can sharpen my skills, expand my knowledge and work for the welfare of the human race.

## WORK EXPERIENCE

### TEACHER

January, 2020 - April, 2021

#### vidhya vardhan boarding school , Panchthar

As an educator at Vidhya Bardan English School, I taught Math, Science, and English to students in grades 4 to 7. As an educator at Vidhya Bardan English School in 2076 B.S, I taught Math, Science, and English to students in grades 4 to 7.

### TEACHER

August, 2021 - December, 2021

#### Mechi English School , Panchthar

During my tenure at Mechi English School, I had the privilege of teaching Science, English, and Computer to students in grades 6 and 7. My duties included developing and implementing engaging lesson plans, assessing students' progress through examinations and assignments, and providing personalized attention to students who required extra assistance.

### FRONT DESK AGENT
